## Most Viewed Articles

Article	Views
Simulating the evolution of fluid underpressures in the Great Plains, by incorporation of tectonic uplift and tilting, with a groundwater flow model	3,595
Analysis of External Water Pressure for a Tunnel in Fractured Rocks	813
Graphene-based membrane technology: reaching out to the oil & gas industry	806
Hydrogeochemical characteristics and geothermometry applications of thermal waters in coastal Xinzhou and Shenzao geothermal fields, Guangdong, China	798
Evaluation of groundwater storage variations in Northern China using GRACE data	705
Geology and metallogenesis of the sediment-hosted Cu-Ag deposit of Tizert (Igherm inlier, Anti-Atlas Copperbelt, Morocco)	616
The controls of pore-throat structure on fluid performance in tight clastic rock reservoir: a case from the Upper Triassic of Chang 7 Member, Ordos Basin, China	582
An Easy-To-Use Method for Assessing Nitrate Contamination Susceptibility in Groundwater	510
Hydrochemistry and isotope hydrology for groundwater sustainability of the coastal multilayered aquifer system (Zhanjiang, China)	487
Changes in Pore Structure of Coal Caused by CS <sub>2</sub> Treatment and Its Methane Adsorption Response	483

## Most Viewed Special Issue Articles

Article	Views
Fluid chemistry of mid-ocean ridge hydrothermal vents: A comparison between numerical modeling and vent geochemical data	1,711
A simplified solution for calculating the phreatic line and slope stability during a sudden drawdown of the reservoir water level	1,445
Realtime pore pressure detection - indicators and improved methods	1,081
Multi-scale fracture analysis in a reservoir-scale carbonate platform exposure (Sorrento peninsula, Italy): implications for fluid flow	1,066
Using BIB-SEM imaging for permeability prediction in heterogeneous shales	1,050
Worldwide status of CCUS technologies and their development and challenges in China	948
Lateral percolation and its effect on shale gas accumulation on the basis of complex tectonic background	801
Flow and transport in tight and shale formations	719

Distribution and thermal maturity of Devonian carbonate reservoir solid bitumen in Desheng area of Guizhong Depression, South China

674

Organic, gas and element geochemistry of hydrothermal fluids of the newly discovered extensive hydrothermal area in the Wallis and Futuna region (SW Pacific)

644
